Kresge College
INDIVIDUAL STUDENT PROJECT FUND
2015-2016

Kresge College offers annual support for a limited number of undergraduate Kresge student projects. Several project types are eligible for consideration: 1) scholarly research; 2) creative and performance work; and 3) public events or similar projects that make substantive contributions to community solidarity, or to social, political, or environmental awareness. The Individual Student Project Fund seeks to emphasize support for individual students; registered student organizations seeking funding should seek Core Council Funding through Student Organization Advising & Resources (SOAR).

Proposals will be accepted only from registered undergraduate students. Funding for individual projects can be matching, partial, or full. Awards are granted based on the merit of the proposed project and the expected benefit of the project to the college and/or university community. An effort will be made to maximize the number of students who may benefit from these limited funds. Please direct any questions about the proposal and award process to College Academic Programs Coordinator Beth Hernandez-Jason at <bhj@ucsc.edu>.

ELIGIBILITY GUIDELINES

1. The applicant must be a registered undergraduate student affiliated with Kresge College when the proposal is submitted, and during the time the funds will be used. Students receiving funds for summer projects do not have to be registered for Summer Session but must register for the following fall or winter quarter.

2. Requests in excess of $500.00 will not be considered.

3. The fund will not subsidize Education Abroad programs, class enrollment fees, salaries, or personal living expenses.

4. Transportation expenses are given the lowest priority except as outlined in item 9.

5. Senior theses will be considered for funding only if support has been requested from appropriate Departments or Divisions and those departments can provide a letter confirming that the applicant is not receiving funding from them.

6. No project may receive support more than once from this funding source. The funds cannot subsidize ongoing projects or recurring or annual events.

7. The applicant must be able to demonstrate the technical ability to carry out the project successfully and according to schedule.

8. At least one letter of support from a relevant UCSC faculty adviser/sponsor (or staff adviser when appropriate) must accompany the proposal.

9. Expenses to attend conferences, seminars, workshops, etc., are provided only if the student has a paper accepted for presentation and with the sponsorship of a relevant UCSC faculty member.

10. Projects already completed will not be considered.

11. Campus accounting procedures specify that funds are not intended to be spent on gift items. Funding for gifts and mementos, including recognition or award plaques will not be approved. In addition, funds will not be provided for monetary gifts to be turned over to another source. Low priority will be given to costly food budget items except in cases where the cost is justified in connection with the success of the project.

12. The sponsor of a project must apply for funds directly. If an event is to be co-sponsored, a proposal may be co-authored.
