Parliament Updates:

-Budget Requests - questions

Anna passed out copies of the additional questions for approved budget requests – passed

-Core Council

Anna and Will attended Council of Chairs meeting, 9 /10 colleges were there. Changes were made to the Core Council over the summer because it was the only opportunity for SOAR advisors to re-evaluate the ways to be more efficient. Some problems SOAR was having was infrequent attendance by representatives. Their solution was instead of having representatives appointed by each college, representatives are appointed by SCOC. In order to be eligible a candidate needs experience working for OPERS, Student Media or SOAR because these groups are the ones being funding by the \$13,000. budget.

Problems posed by Kresge Parliament: What about conflict of interest with Org.s funding their own orgs. and ignoring their constitution by changing the council without a vote.

Matt and Will will write a resolution to be presented to SUA
