Promoting the 1.5 Project started in 2002. Feeds folks in Aptos area with a meal and one to go – evolved into more services in the health area like foot care. This project provides 60 meals a day and 2 on the weekends. Encouraging Parliament to fund these health services through Twin Lake Church who will match any donation. And/or think about this project when we plan our winter community service activity. Also, blankets are always in need as the Santa Cruz winter shelter is opening and needs two blankets per person so one can be cleaned.
