Report Backs: FORKS – Carl – Kresge/Porter - Managers didn't have a lot to say; the Friday barbeque at P/K Dining Hall is coming back, this time with a charcoal grill so there is no gas explosion.

SUA: Miina, Gul, Winnie - CALPIRG excited about their resolution, came and remade presentation, had guest speakers, resolution passed. UCSHIP: not going to leave it because if you are not part of it, you must pay the deficit, which is more expensive than not being part of it. Watched a video about "Changing life perspective". Metro changes will include new 18 bus route to Safeway from Campus and a more direct route to Nobel and the 17 coming to campus with no additional fee. Presentation about who is Janet Napolitano pro & con. 4/20 cleanup on Monday 4/21 at 2pm at the Porter Meadow – bring gloves. SOFA meeting thrown in on Wednesday, very short meeting and approved funding under budget. Gul sat in on STARS – (Student advocates to the Regents) Applications to lobby the Regents going on now– questions, ask Gul.

Elections Commission: Miina – Held orientation. If we want to make neutral zones for advertising for elections, need to contact the Elections Commission ASAP. Apartments are public property so they can advertise there if they want. Candidate Debate is on a date that candidates are not available??? Kresge does not have a SUA candidate this year.

SCOC: Jansen - Carnival very successful on Sunday 4/13. IVC pay: tabled again – too many differences in opinion; Commissioner of Diversity not being paid by E², so they can use that argument; colleges are very conflicted about whether they should pay or not; maybe have the IVC on a contract, others agree, others disagree; asked for stipulations that it won't keep happening or funding goes to programming; SUA is working on the budget for next academic year, and they will be waiting for a formal request from SUA. Next sister college SCOC event is April 26th 9/10 MPR 5-7 pm(?) showing Frozen. 8/Oakes planning a dance for their event TBA.
