Requesting \$300 for 150+/-students to attend at no cost. Total budget \$5,415. May need less if they can get a college facility to donate their space.

Deliberation: The Career Ctr. is not a student organization so details like who is producing the event and how many Kresge students will benefit are important. Bradley motions to invite, Nick 2^{nds} 5 hoots, 5 abstain = Approved

Council of Chairs: Michelle – group has not been meeting as a whole, some chairs focused on a West Fest event while others are focused on SUA, the Oct. concert funding and transparency. An invite for a student government mixer has been shared for Friday, 7:30 – 10 p.m. at 9/10 Namaste Lounge. The flyer says come to the social but also discuss SUA and form a plan of action. These are two separate things and the Chairs are not the appointed representatives for SUA. All student government members are invited to attend. However, Parliament is not comfortable with the mixed message and will leave it up to each member on whether to attend or not. Our Chair will not be attending.

Upcoming Guest: Franklin Williams, Kresge Service Learning Instructor, would like to attend our Dec. 6th meeting to discuss possible comm. service event for the Town Hall next year.
