

# Part Two: ROOM SELECTION May 2013

Apply: [studenthousing.ucsc.edu](http://studenthousing.ucsc.edu)

Info: <http://housing.ucsc.edu/priority/>

## What is Early Group Selection?

**Early Group Selection (EGS)** is a potential opportunity for some **full Kresge-Affiliate household groups** to select housing **before** the Online Kresge Community Room Selection (OLKCRS). Full Households of Academic affiliates of Kresge College who applied on-time during the Priority Housing Application Period (PHAP) are eligible to request participation in the EGS and may therefore be invited to select from available Redwood Grove apartments during the EGS. Full Households represent **complete** Redwood Grove apartments: there are two apartment configurations: **1.)** the four-person apartment is constituted of four single rooms: the full household is four people, **2.)** the five-person apartment is constituted of three single rooms and one small double room: the full household is five people. Only full household groups and academic affiliates of Kresge College are eligible to select housing at the Redwood Grove. Non-academic-affiliates of Kresge College and partial households are **ineligible** to select housing at the Redwood Grove.

You may request participation in EGS by correctly and completely filling-out an Early Group Selection Participation Request form. These forms are available in the Kresge Housing Office and are **due by 4PM on Tuesday, April 30th**. You will need your PHAP Application ID number to complete this form. *Late, incorrect, or incomplete submissions will not be eligible to participate in EGS.*

Because we are offering a limited number of apartments during EGS, not all groups applying to participate may be granted participation in EGS. Groups that are *granted* participation will be notified via email with a Selection Invitation by May 13th (the Selection Invitation appointment times are a reflection of priority points and are assigned via lottery). **The Early Group Selection will occur on Monday, May 20th**. Those invited will be selecting their apartments in-person, at the Kresge Housing Office. We will also notify any groups that are *not* granted participation in EGS by May 13th; these groups will be able to select housing as a group, or as individuals during the OLKCRS.

## SELECT a Room During Room Selection Week!

### Room Selection Week is the Week of MAY 20th & Includes:

**Early Group Selection (EGS) on May 20th:** Those groups granted participation in EGS will select their Redwood Grove apartments *in person*, at the Kresge Housing Office, during their appointment time on Monday, May 20th.

**Online Kresge Community Room Selection (OLKCRS) is May 21st & 22nd:** Appointment times and access codes to select a room during the OLKCRS will be sent to eligible students by May 17. Eligible students can go online, login ([studenthousing.ucsc.edu](http://studenthousing.ucsc.edu)), and select a room during their appointment time. If you are part of a group, determine who has the earliest appointment time and allow that person to login and select housing for the group.

**All Campus Supplemental Room Selection on May 23rd:** Students who were invited and did not select a space during the OLKCRS will be eligible to select from any remaining spaces at other UCSC housing communities.
